The Following Garton Family has lived in Wayne County Iowa, where they were acquainted with some of the Garton family in the foregoing chart. There was a striking resemblance between some members of the two families and they believed themselves to be related. Mr Faye L. Garton of Blackwell, Oklahoma who was the foremost Garton Genealogist in America (before his death Jan 31st 1942) had worked on the problem but had not been able to find out they were related. We give their line here because it seems probable that there is a relation which ought to be discovered.
